

“White Christmas” Tooth whitening offer T&Cs

- Only available for appointments booked on or before December the 24th, 2021, whilst stocks last.
- Limit 1 per patient available
- Must be 16 years or over.
- Includes a limited exam, impressions, two whitening trays and take-home whitening gel.
- Must undergo a “limited exam” (included in the overall price).
- If during the limited exam, the dentist finds that the patient is NOT suitable for take-home whitening (for reasons e.g. but not limited to; untreated decay, severe gum recession, uncontrolled bleeding gums, poor quality/under-mineralized enamel, missing fillings/open cavities, badly leaking fillings) then the patient will be charged the standard \$68 for the limited exam and declined teeth whitening until these issues are rectified.
- If the above issues can be fixed, then, following correction, we will honour this special price, even if the end date has passed.
- Understand that tooth whitening gel contains hydrogen peroxide, which can be damaging to un-restored, vulnerable or poor quality teeth.
- In rare cases hydrogen peroxide can cause extreme sensitivity, gingival burning/damage and even a very rare side-effect known as resorption.
